DIAMOND

DIAGNOSTICS

Safety Data Sheet

1. Product and Company Identification

| Emergency Telephone No: | 508-429-0450 |
|-------------------------------|---|
| Company Phone Number Email | 508-429-0450 support@diamonddiagnostics.com |
| <u>Company</u> | Diamond Diagnostics Inc. 333 Fiske Street Holliston, MA 01746 |
| Recommended Use: | For the calibration of Na+, K+, Cl-, Ca++, TCO2, BUN, Glucose, Ca++ and Creatinine. |
| Product Code: | BK-443365D |
| Product Name: | Calibration Standard 2 |
| Product Identifier | |

2. Hazards Identification

GHS- Classification

Classification

Health Hazard

Hazard Statements

| H227Combustible liquid.H301 + H311 + H331Toxic if swallowed, in contact with skin, or if inhaled.H314Causes severe skin burns and eye damage.H317May cause an allergic skin reaction.H318Causes serious eye damage.H319Causes serious eye damage.H314Suspected of causing genetic defects.H330May cause and allergy or asthma symptoms or breathing difficulties if inhaled.H341Suspected of causing genetic defects.H360May cause cancer.H370Causes serious eye damage.H402Harmful to aquatic life.Precautionary StatementsPP201Obtain special instructions before use.P202Do not handle until all safety precautions have been read and understood.P210Keep away from heat/sparks/open flames/hot surfaces. – No smoking.P261Avoid breathing dus/fume/gas/mist/vapors/spray.P264Wash skin thoroughly after handling.P270Do not breathe dus/fume/gas/mist/vapors/spray.P264Wash skin thoroughly after handling.P272Contaminated work clothing should not be allowed out of the workplace.P273Avoid release to the environment.P274Use only outdoors or in a well-wentilated area.P275Contaminated work clothing/eye protection/face protection.P304 + P310IF SWALLOWED: Inmediately call a POISON CENTER or doctor/physician. Rinse mouth.P304 + P340 + P310IF NKALED: Remove/Take off immediately all contaminated clothing. DIAGNOSTICS

Safety Data Sheet

| P337 + P313 | If eye irritation persists: Get medical advice/attention. |
|-------------|---|
| P342 + P311 | If experiencing respiratory symptoms: Call a POISON CENTER or doctor/physician. |
| P362 | Take off contaminated clothing. |
| P370 + P378 | In case of fire: Use dry sand, dry chemical or alcohol-resistant to extinguish. |
| P403 + P233 | Store in a well ventilated place. Keep container tightly closed. |
| P403 + P235 | Store in a well ventilated place. Keep cool. |
| P405 | Store locked up. |
| P501 | Dispose of contents/container to an approved waste disposal plant. |

3. Composition/Information on ingredients

| Chemical Name | EC No. | Reach Reg. No. | CAS-No. | Weight % | Classification |
|--|-----------|----------------|-----------|----------|--|
| 1,3- Bis(hydroxymethyl)- 5,5- dimethylimidazolidine- 2,4-dione | 229-222-8 | Not available | 6440-58-0 | < 0.1% | Acute Tox. 4; Eye Irrit. 2A; Resp Sens 1; H302, H319, H334 |
| Formaldehyde | 200-001-8 | Not available | 50-00-0 | < 0.03% | Flam. Liq 4; Acute Tox. 3; Skin Corr. 1B; Eye Dam. 1; Skin Sens. 1; Muta. 2; Carc. 1A; Aquatic Acute 3; H227, H301 + H311, H314, H317, H318, H341, H350, H402 |

4. First Aid Measures

| Eye Contact | Flush affected area for 15 minutes with water. | | |
|--|--|--|--|
| Skin Contact | Flush affected area with copious amounts of water. | | |
| Inhalation | Remove victim to fresh air. If breathing is difficult, give oxygen and seek medical aid. | | |
| Ingestion | If swallowed, drink water and seek medical aid if irritation persists. | | |
| Notes to Physician | Treat symptomatically | | |
| 5. Fire-Fighting Measures | | | |
| Flammable Properties | No information available | | |
| Flash Point | No information available | | |
| Suitable Extinguishing Media | Suitable for surrounding fire. | | |
| Hazardous Combustion Products | No information available | | |
| Protective Equipment and Precautions for Firefighters | Self-contained breathing apparatus and protective clothing. | | |
| 6. Accidental Release Measures | | | |
| Personnel Precautions | Use personnel protective equipment. Avoid inhaling, ingesting and contact with eyes and skin. | | |
| Methods for Containment & Cleaning | Soak up with non-combustible absorbent material. Rinse affected area with copious amounts of water. Dispose of in accordance with applicable federal, state, and local laws and regulations. | | |
| | | | |

Environmental Precautions Do not let product enter drains.

7. Handling and Storage Handling Avoid contact with skin and eyes. Avoid inhalation of vapor or mist. Keep away from sources of ignition – No Smoking. Take measures to prevent buildup of electrostatic charge.

Safety Data Sheet

Storage

Keep container closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Storage class (TRGS 510): Non-combustible, corrosive hazardous materials.

Specific use

See Section 1 – Recommended Use

8. Exposure Controls / Personnel

| Chemical Name | ACGIH TLV | OSHA PEL | NIOSH IDLH | | |
|---|--|--|---|--|--|
| 1,3-Bis(hydroxymethyl)-5,5- dimethylimidazolidine-2,4-dione 6440-58-0 | Not listed | Not listed | Not listed | | |
| Formaldehyde 50-00-0 | C; 0.300000ppm; | PEL; 0.750000ppm STEL; 2.000000ppm | TWA; 0.016000ppm C; 0.100000ppm | | |
| Engineering Measures | | Showers Eye Wash Stations Ventilation Systems | | | |
| Personnel Protective Equipment Eye/Face Protection | Safety goggles witl | Safety goggles with side-shields | | | |
| Skin Protection | Wear protective glo | oves/clothing | | | |
| Respiratory Protection | protection should b | If exposure limits are exceeded or irritation is experienced; NISOH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required high airborne containment concentrations. Respiratory protection must be provided in accordance with current | | | |
| Hygiene Measures | of protective equip | Complete suit protecting against chemicals, Flame resistant antistatic protective clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace. | | | |
| Environment Exposure | ure Prevent further leakage or spillage if safe to do so. Do not let product enter drains. | | | | |

Safety Data Sheet

| 10. Stability | y and Reactivity |
|---------------|------------------|

| Reactivity | No information available |
|----------------------------------|--|
| Chemical Stability | Stable |
| Incompatible Materials | Strong acids and bases |
| Hazardous Decomposition Products | Formaldehyde will be released when heated to 90°C |
| Hazardous Polymerization: | Will not occur |
| Conditions to avoid: | Avoid exposure to extreme heat and light |
| Suggested Storage: | Store as recommended on product label |
| 11. Toxicological Information | |
| Acute Toxicity | No information available |
| Chronic Toxicity | May cause allergic response in persons with preexisting sensitivity to formaldehyde. |
| Target Organ Effects | No information available |
| Carcinogenicity | IARC: 1 – Group 1: Carcinogenic to humans (Formaldehyde) |
| | ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified a probable, possible or confirmed human carcinogen by ACGIH. |
| | NTP: Known to be human carcinogen (Formaldehyde) |
| | OSHA: OSHA specifically regulated carcinogen (Formaldehyde) |
| 12. Ecological Information | |
| Ecotoxicity | Toxic to fish, daphnia and other aquatic invertebrates. |

| Ecotoxicity | Toxic to fish, daphnia and other aquatic invertebrates. | | |
