This product contains no hazardous ingredients as defined by OSHA, or WHMIS.

Warning: Human source material. Treat as potentially infectious. Each donor unit used in the preparation of this product has been tested by an FDA approved method and found non-reactive for the presence of HBsAg and antibody to HIV. Because no known test method can offer complete assurance that Hepatitis B virus, Human Immunodeficiency Virus (HIV) or other infectious agents are absent, all human blood based products should be handled in accordance with good laboratory practices using appropriate precautions.
