1. Product and Company Identification

Product Identifier

Product Name: Fluids Pack
Product Code: CD-473510D
Recommended Use: To calibrate and flush the Na+, K+, Cl- electrodes and flush the sample and electrode path.

Company
Diamond Diagnostics Inc.
333 Fiske Street
Holliston, MA 01746

Company Phone Number 508-429-0450
Email support@diamonddiagnostics.com
Emergency Telephone No: 508-429-0450

2. Hazards Identification

GHS- Classification

Classification Irritant

Hazard Statements
H302 Harmful if swallowed.
H315 Causes skin irritation.

Precautionary Statements
P264 Wash skin thoroughly after handling.
P270 Do not eat, drink or smoke when using this product.
P280 Wear protective gloves/protective clothing/eye protection/face protection.
P301 + P312 IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell.
P302 + P352 IF ON SKIN: Wash with plenty of soap and water.
P321 Specific treatment (see … on this label).
P330 Rinse mouth.
P332 + P313 If skin irritation occurs: Get medical advice/ attention.
P362 Take off contaminated clothing and wash before reuse.
P501 Dispose of contents/container to an approved waste disposal plant.

3. Composition/Information on ingredients

4. First Aid Measures

Eye Contact Flush affected area with copious amounts of water.
Skin Contact Flush affected area with copious amounts of water.
Inhalation Remove from exposure and move to fresh air promptly. If not breathing, give artificial respiration and seek medical aid.
Ingestion Rinse mouth with water, drink large quantities of water and seek medical aid.
Notes to Physician Treat symptomatically
5. Fire-Fighting Measures

Flammable Properties                      No information available
Flash Point                                No information available
Suitable Extinguishing Media               Suitable for surrounding fire
Hazardous Combustion Products              No information available
Protective Equipment and Precautions for Firefighters
                                          Self-contained breathing apparatus and protective clothing

6. Accidental Release Measures

Personnel Precautions                     Use personnel protective equipment. Use good laboratory procedures. Avoid inhaling, ingesting and contact with skin and eyes.
Methods for Containment & Cleaning        Soak up with non-combustible absorbent material. Rinse affected area with copious amounts of water. Dispose of in accordance with applicable federal, state, and local laws and regulations.
Environmental Precautions                 Do not let product enter drains.

7. Handling and Storage

Handling                                   Use good laboratory procedures. Avoid inhaling, ingesting, and contact with skin and eyes.
Storage                                    Store as recommended on product label.
Specific use                               See Section 1 – Recommended Use

Engineering Measures
                                          Showers
                                          Eye Wash Stations
                                          Ventilation Systems

Personnel Protective Equipment
                                          Eye/Face Protection: Safety goggles with side-shields
                                          Skin Protection: Wear protective gloves/clothing
                                          Respiratory Protection: If exposure limits are exceeded or irritation is experienced; NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne containment concentrations. Respiratory protection must be provided in accordance with current local regulations.

Hygiene Measures
                                          Complete suit protecting against chemicals, Flame resistant antistatic protective clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Environment Exposure
                                          Prevent further leakage or spillage if safe to do so. Do not let product enter drains.

9. Physical and Chemical Properties

Appearance                                  Clear Liquid
Odor                                       No information available
Odor Threshold                             No information available
pH                                         No information available
Melting Point                              No information available
1. Safety Data Sheet

Freezing Point: 0°C
Initial Boiling Point: Approx. 100 °C
Flash Point: No information available
Evaporation Rate: No information available
Flammability (solid, gas): No information available
Upper/Lower flammability or explosive limits: No information available
Vapor pressure: No information available
Vapor density: No information available
Relative density: No information available
Water Solubility: No information available
Partition coefficient: (n-octanol/water): No information available
Auto-ignition temperature: No information available
Decomposition Temperature °C: No information available
Viscosity: No information available
Explosive properties: No information available
Oxidizing properties: No information available

10. Stability and Reactivity

Reactivity: No information available
Chemical Stability: Stable
Incompatible Materials: No information available
Hazardous Decomposition Products: No information available
Hazardous Polymerization: Will not occur
Conditions to avoid: Avoid exposure to heat and light
Suggested Storage: Store as recommended on product label

11. Toxicological Information

Acute Toxicity: No information available
Chronic Toxicity: Irritation of affected area.
Target Organ Effects: No information available
Carcinogenicity: IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by ACGIH.
NTP: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by NTP.
OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by OSHA.

12. Ecological Information

Ecotoxicity: Toxic to fish, daphnia and other aquatic invertebrates.
13. Disposal Considerations

Waste Disposal Method
In accordance with applicable federal, state, and local laws and regulations.

Contaminated Packaging
In accordance with applicable federal, state, and local laws and regulations.

14. Transport Information

IATA
Not regulated

DOR
Not regulated

15. Regulatory Information

SARA 302 Components
No chemicals in this material are subject to reporting requirements of SARA Title III, Section 302.

SARA 313 Components
The following components are subject to reporting levels established by SARA Title III, Section 313.

SARA 311/312 Hazards
Acute Health Hazard

Massachusetts right to know components
No components are subject to the Massachusetts Right to Know Act.

Pennsylvania right to know components

New Jersey right to know components

California Prop. 65 Components
This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

16. Other Information

Issuing Date
31-December-2008

Revision Date
30-November-2015

Revision Note
No information available

Recommended Restrictions
No Restrictions
